

## EFPA visits Olympique Marseille for National Presentation

Thursday, 23 October 2008

On Tuesday 14th, a delegation of EFPA visited Marseille with the aim of organising the national presentation of EFPA in France.

Mr. Eduardo Juan, Member of the Permanent Working Committee, was received by OM representative Mr. Thierry Agnello at the club's premises in Marseille.

The aim of the meeting was to discuss the possibility of organising a national gathering of former players hosted by OM to officially present EFPA in France and promote the creation of a National Federation of Former Players.

Together with EFPA President, Ramon Alfonseda, Eduardo Juan also visited Liverpool and Dortmund last August with the same objectives. The meeting in Liverpool, hosted by Everton Former Players' Foundation at Goodison Park was a success with over 20 British clubs taking part in the gathering.

A member of EFPA since 2007, the proposal to be hosts was well received by OM and concluded with the agreement to celebrate the national meeting in Marseille on December 2nd.
