

## Gilberto Madail becomes Honourary Member of EFPA

Tuesday, 07 July 2009

The President of the Portuguese Football Association, Mr. Gilberto Praca Madail, has gratefully accepted the honour of becoming an Honourary Member of EFPA. Having UEFA President as Honourary President, EFPA seeks to acknowledge the work carried out by the National Federations by granting an Honourary Membership to their respective Presidents. To this end, it also aims at building bridges between former players and active players through this Honourary Membership. Mr. Madail was appointed President of the Portuguese FA in 1996 after a long and successful career in managing Portuguese football clubs and regional associations. In 2004 he became a member of UEFA's Executive Committee and holds a position within the Organising Committee of FIFA's World Championship.
